MOBILE HEALTHCARE PROGRAMME FOR THE AGED IN 20 LOCATIONS ACROSS INDIA

Analysis & Findings of Baseline Survey Conducted for implementation of Mobile Health Care Programme for the Aged in Operational Area of Malkipuram 1 MMU under ONGC Rajahmundry Asset

Project Implemented by

HelpAge India | Fighting isolation,
poverty, neglect

Study conducted by

Four x 4
Empowering People

Analysis & Findings of Baseline Survey Conducted for implementation of Mobile Health Care Programme for the Aged

Unit: Malkipuram-1 (MMU MIS Location Code: 1302)

Background

Administratively Malkipuram is a constituent Mandal of the East Godavari District which is headquartered at Kakinada. ONGC's Rajahmundry Asset is located in East Godavari District and has its operations spread across many villages of Malkipuram Mamidikuduru, Razole & Sakhinetipalli Mandals which are inhabited along the Godavari river coast and the Bay of Bengal coast. As per the suggestions of ONGC senior officials the villages were selected and accordingly survey to identify all households with elders was initiated. Two Mobile Medicare Units (MMUs) are operating out of Malkipuram base of which data

related to Malkipuram-1 is detailed below. Once villages were identified in consultation with ONGC senior officials, survey was accordingly organized to locate all households with elders.

Demography

Out of the total 3903 surveyed households, almost 98.5% belonged to the Below Poverty Line (BPL) category and more than 1.5% belonged to the Above Poverty Line (APL) category. Out of the total members found in the surveyed households elders constituted 40.5% in total. Elder males (almost 41%) are more than elder females (more than 40%). For details please see Table No. 1.1 and 2.1.

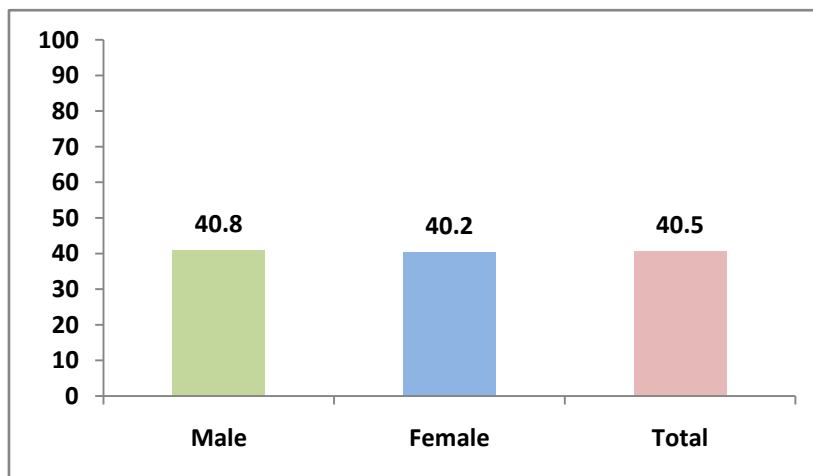

Figure-1: Percentage of Elders in the Surveyed Households

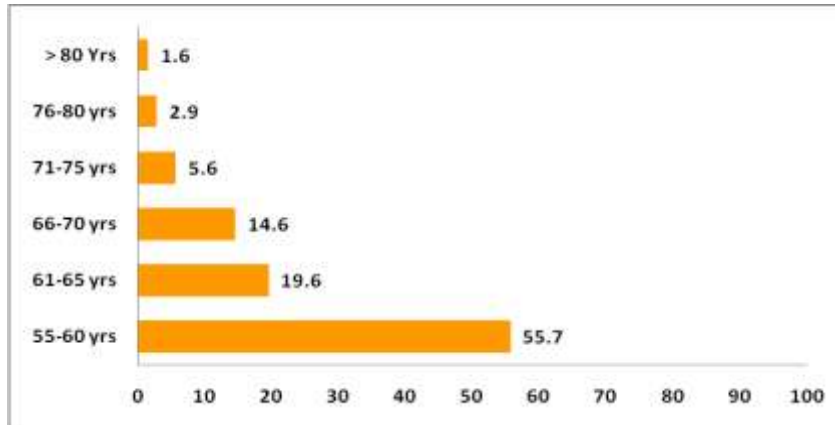

Figure-2: Percentage of Elders in Various Age Groups

While looking at data on percentage of elders in various age groups it becomes clear that as the age increases lesser and lesser elderly persons remain alive. The rate of decrease is lesser as the age group increases.

Educational Status of Elders

Available data on educational status reveal that majority of elders are illiterates (57.6%). Among the rest, literates constitute 37.6% followed distantly by more than 2.7% matriculates. All other categories like diploma, graduate, etc. are below 1% level. Details are available in Table 3.1 to Table 3.8.

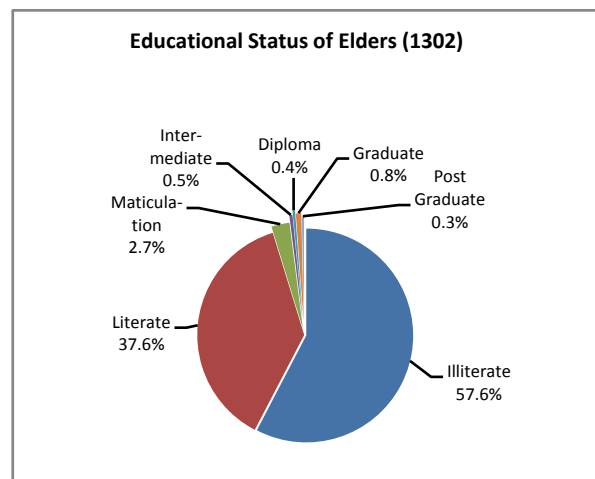

Figure-3: Educational Achievements among Elders

Working & Non-working Elders

56% of the elderly persons don't work. Among the working elders working elder men are way higher to working elder women in percentage terms. Among non-working elders percentage of women are much higher than that of non-working men. Working men and women were found among all age groups.

Disability

Out of the total elders, 8.74% elders have disability of some kind or the other. Highest figure of disability of less than 3.5% is reported related to leg followed by hand with more than 2%, blindness 1.5% and hearing impaired with 1.02%. All other categories are below 0.5% level. Further details are available in Table 5.1 to Table 5.7.

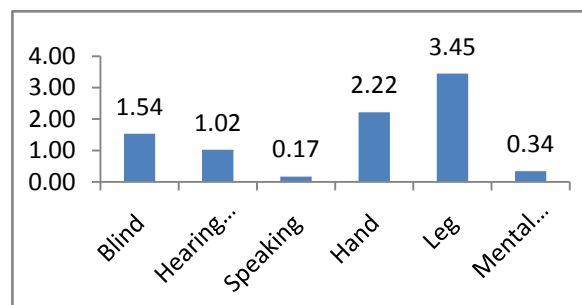

Figure-4: Disability in Elders

Habits among Elders

More than 62% of all elders have not reported consumption of any intoxicant at all. Out of all elders consuming intoxicants, highest percentage of them, i.e. 12% are cigarette smokers, more than 11% each are chewing Tobacco and consuming locally brewed alcohol. 1.65% are Beedi smokers, and almost 1.5% are consuming foreign liquor while consumption of Gutkha and Opium is reported less than 0.3%.

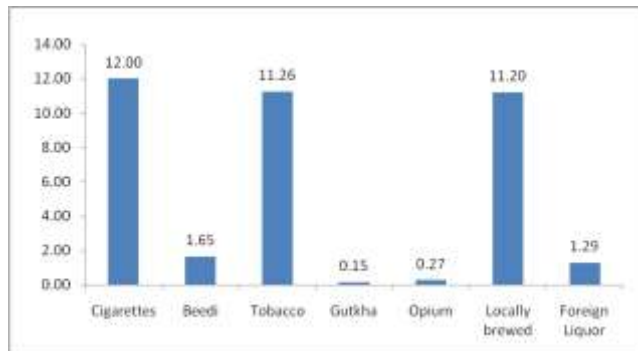

Figure-5: Habits in Elders

Disease Profile of Elders

Among the diseases reported by the surveyed elders, joint pain (more than 69%) was reported by highest percentage of men and women followed by hyper-tension (almost 48%), diabetes (almost 9.5%), heart problem (almost 7%), asthma (6%) , ulcer (4.5%), allergies (almost 2%) and tuberculosis (less than 1%). The picture is clear from the figure given below. Further details are available in Table 7.1 to Table 7.9.

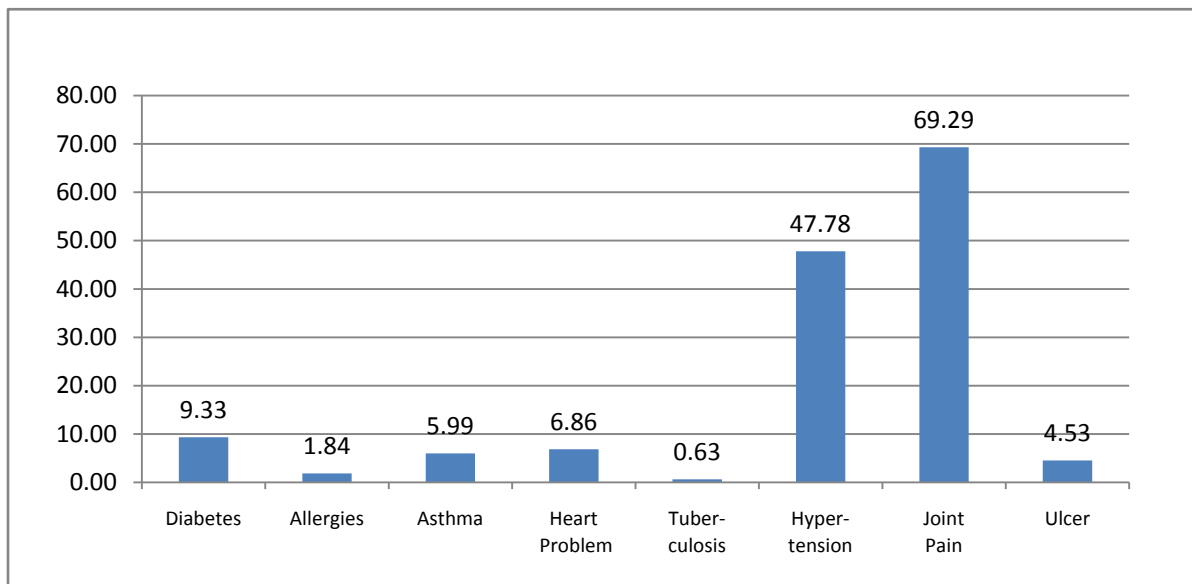

Figure-6: Disease Profile of Elders

Further details on all the aspects related to elders are available in the tables presented below:
