MOBILE HEALTHCARE PROGRAMME FOR THE AGED IN 20 LOCATIONS ACROSS INDIA

Analysis & Findings of Baseline Survey Conducted for implementation of Mobile Health Care Programme for the Aged in Operational Area of Allavaram MMU under ONGC Kakinada Asset

Project Implemented by

HelpAge India | Fighting isolation,
poverty, neglect

Study conducted by

Four x 4
Empowering People

Analysis & Findings of Baseline Survey Conducted for implementation of Mobile Health Care Programme for the Aged

Unit: Allavaram (MMU MIS Location Code: 1301)

Background

Allavaram Mandal is located in East Godavari District which is headquartered at Kakinada. ONGC’s newly created Eastern Offshore Asset is based at Kakinada and its operations in the Allavaram Mandal are spread across many villages which are inhabited along the Godavari river coast and Bay of Bengal coast. Odalarevu is one such village where ONGC has set up a Gas Collection Station and the ONGC senior officials suggested the field team to identify the MMU operations focus villages for providing health services to the elderly persons keeping Odalarevu at the centre. After the villages were identified in consultation with ONGC senior officials, survey was accordingly organized to locate all households with elders.

Demography

Out of the total 3005 surveyed households, almost 96% belonged to the Below Poverty Line (BPL) category and 4% belonged to the Above Poverty Line (APL) category. Out of the total members found in the surveyed households a total percentage of marginally more than 42%. Elder males (41.3%) are less than elder females (43.4%). For details please see Table No. 1.1 and 2.1.

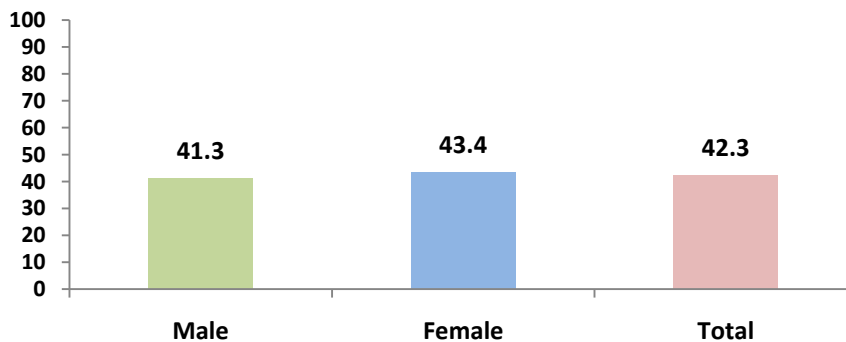

Figure-1: Percentage of Elders in the Surveyed Households

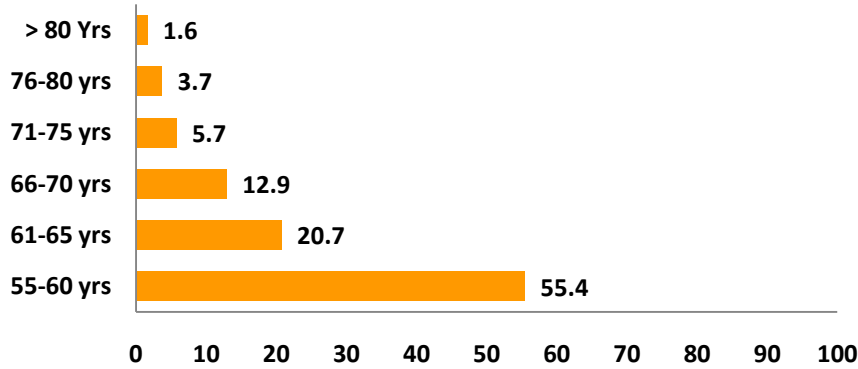

Figure-2: Percentage of Elders in Various Age Groups

While looking at data on percentage of elders in various age groups it becomes clear that as the age increases lesser and lesser elderly persons remain alive. The rate of decrease is lesser as the age group increases.

Educational Status of Elders

Available data on educational status reveal that majority of them are illiterates (66.6%). Among the rest, literates constitute 29% followed distantly by more than 2.5% matriculates. All other categories like diploma, graduate, etc. are insignificant in percentage terms. Details are available in Table 3.1 to Table 3.8.

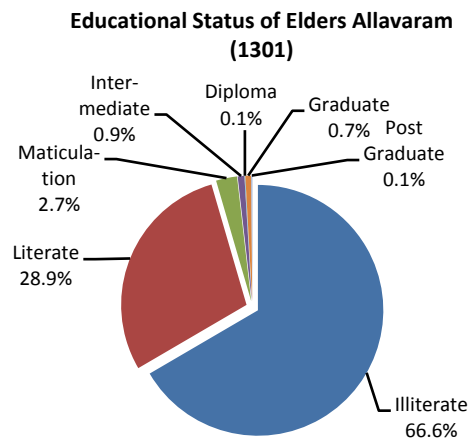

Figure-3: Educational Achievements among Elders

Working & Non-working Elders

58% of the elderly persons don't work. Among the working elders working elder men are way higher to working elder women in percentage terms. Among non-working elders percentage of women are much higher than that of non-working men.

Disability

Only less than 4.5% elders have disability of some kind or the other. While blindness is recorded up to less than 1.5% all other categories are below 1% level. Further details are available in Table 5.1 to Table 5.7.

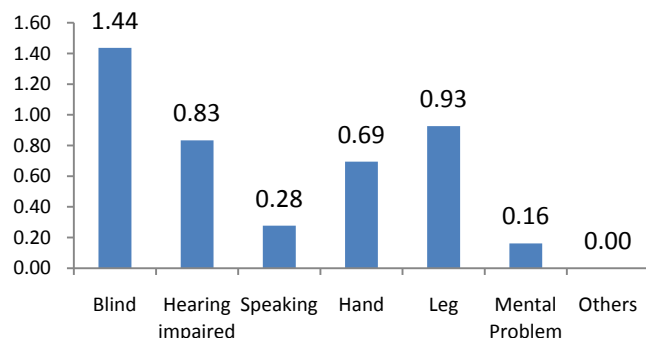

Figure-4: Disability in Elders

Habits among Elders

40% of all elders have reported consumption of one intoxicant or the other. Out of all elders, highest percentage of them, i.e. almost 17.5% are consuming tobacco, 10% are consuming locally brewed alcohol, almost 9% are consuming cigarettes, and more than 3% consuming foreign liquor while consumption of beedi, Gutkha and Opium is reported less than 0.5%. The figures are not mutually exclusive.

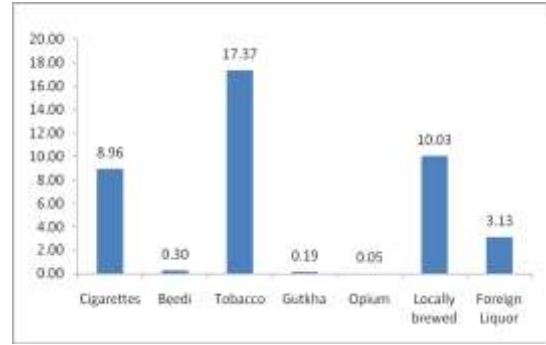

Figure-5: Habits in Elders

Disease Profile of Elders

Among the diseases reported by the surveyed elders joint pain was reported by highest percentage of men and women (more than 74.5% and 40% respectively) followed by hypertension (more than 52% and 30% respectively), diabetes (more than 17% and less than 7.5% respectively), ulcer, asthma, heart problem, allergies and tuberculosis. In case of all diseases percentage of females is less than that of males. Tuberculosis among females is below 0.5% level. The picture is clear from the figure given below. The figures are not mutually exclusive. Further details are available in Table 7.1 to Table 7.9.

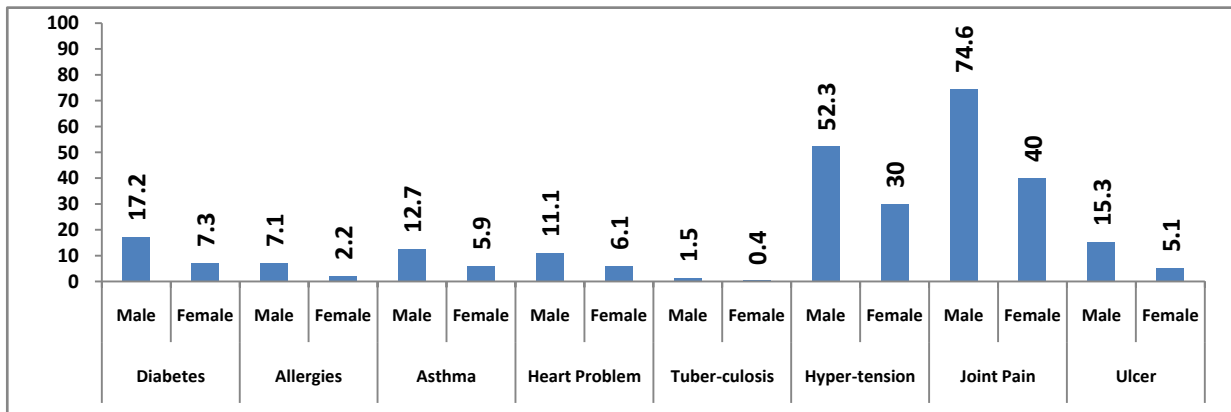

Figure-6: Disease Profile of Elders

Further details on all the aspects related to elders are available in the tables presented below.
